EUROPEAN UNION

Which questions were raised at the beginning? (2009)

WHAT?

- Exchange different governance approach to go beyond the territorial fragmentation and involve policy maker level
- Develop synergy between different sector and different policy (eco-innovation, transports, agriculture, environmental sensibility, innovative SME, management natural risk, urban models, energy...)

HOW?

- Exchange instruments of communication and collect information
- Exchange experiences
- Organize cross project activities for specific themes (joint activities and events)
- Create Programme MED Web site where to include activities and topics of the different thematic poles

Interreg
Mediterranean

What was done?

Projects

- **Capitalisation days** (Naples 2009 and Marseilles 2011);
- **Workshops** (Rome 2011);
- **Clusterisation process** (Rome and Marseilles 2012);
- **Launch** of a specific capitalisation call (October 2012);
- **Support** to project spontaneous initiatives of clusterisation (Marseilles and Bologna 2014);
- **Final** common conference (Brussels 2015);

Programme

- **On going evaluation** (questionnaires, analysis);
- **JTS data base** collecting information on main project characteristics;
- **Interaction** with other ETC programmes.

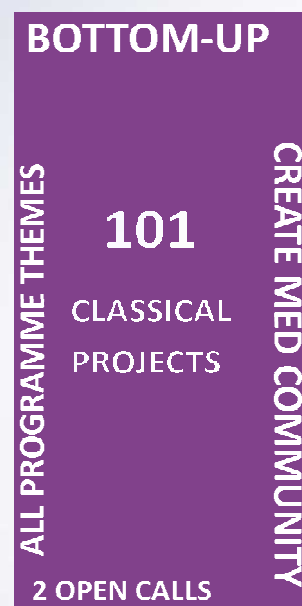

Which expectations for CAP and Maritime calls?

- **Clear picture** of target groups, transferability of experience/results and visibility goals should be the aim
- **“Cross-fertilisation”** (exchange) between Capitalisation Projects and not only inside partnerships
- **“Programme Library”** improvement: all products of the current programming period are available in a virtual library (databases, strategies, methodologies)
 - > Capitalisation projects will be included too

<http://www.programmemed.eu/en/library/library.html>

- **Better communication**
